

# **CURRICULUM VITAE**

---

**Dr Graham R V Hughes MD FRCP**

**June 2005**

**Full name:** **Graham Robert Vivian Hughes**

**Date of Birth:** 26th November 1940

**Nationality:** British

**Marital status:** Married with two children

---

**EDUCATION** Cardiff High School for Boys  
Welsh National School of Medicine  
(1961 - 1964)  
London Hospital Medical College  
(1964 - 1967)

**DEGREES**

MBBS (Lond)	1967
LRCP, MRCS	1964
MRCP (Lond)	1967
MD (Lond)	1973
FRCP	1978

## PRIZES AND AWARDS

UK National Prize for Surgery (Handcock Prize) Royal College of Surgeons	1964
London Hospital Prize in Clinical Medicine (Andrew Clark)	1964
London Hospital Prize in Pathology (Sutton Prize)	1964
Arthritis and Rheumatism Council/ Geigy Travelling Fellowship	1969
Hutchinson Prize in Clinical Research (London Hospital)	1972
Heberden Round Medal	1982
Elected to American Lupus "Hall of Fame"	1987
Winner - Ciba-Geigy (ILAR) International Rheumatology Research Prize for the discovery of the Antiphospholipid (Hughes) Syndrome	1993
Docteur Honoris Causa, Universite de la Mediterranee, Marseille	2001
Pemberton Medal, Philadelphia Medical Society	2002
Docteur Honoris Causa, University of Barcelona	2004

## PRESENT POST

(Since July 1985)

Head of Lupus Research Unit  
The Rayne Institute  
St Thomas' Hospital  
London

and

Consultant Physician  
Rheumatology Department  
St Thomas' Hospital  
London

## PREVIOUS CONSULTANT EXPERIENCE

### 1973-1985

Consultant Physician, Hammersmith Hospital, London W12

### 1974 - 1975

Funded by Wellcome Trust for one year to the University Hospital of West Indies to set up a rheumatology department, immunology laboratory and postgraduate links with Hammersmith Hospital.

This post involved consultant responsibility for two 40-bed general hospital wards, general medical and rheumatological outpatients, undergraduate teaching and the setting up of an immunology laboratory. The department has remained active since, now under the direction of Dr C De Ceular.

### 1975

Following Professor E G L Bywaters' retirement, became Head of Rheumatology and Reader in Medicine at Hammersmith Hospital. Set up Europe's first dedicated lupus clinic.

### 1976

Set up the Lupus Pregnancy Clinic – the first dedicated clinic of this kind in Europe

## PREVIOUS POSTS

### December 1964 - December 1965

HP General Medicine, London Hospital

HS Neurosurgery, London Hospital

### January 1966 - January 1967

Junior Lecturer, Pathology, London Hospital (Professor Doniach)

### January 1967 - November 1967

Registrar, Department of Rheumatology, London Hospital  
(Drs W Tegner, R M Mason and H L F Currey)

### December 1967 - June 1969

Lecturer, Department of Medicine (Professor C Wilson)

### June 1969 - June 1970

Visiting Fellow, Department of Medicine, Columbia University,  
College of Physicians and Surgeons, New York (Dr C L Christian)

### June 1970 - December 1970

Visiting Research Fellow, Department of Medicine  
Cornell University, New York (Dr C L Christian)

### January 1971 - March 1973

Senior Registrar in Medicine, Department of Medicine  
Royal Postgraduate Medical School, Hammersmith Hospital  
(Professor E G L Bywaters and Dr P J L Holt)

Clinical Tutor in Medicine, Royal Postgraduate Medical School

## EDITORIAL APPOINTMENTS

- Founder & Editor - LUPUS – An international journal
- Editorial Board - Journal of Rheumatology
- Editorial Board - Journal of Laboratory and Clinical Immunology
- Editorial Board - Biomedicine (France)
- Editorial Board - Clinical and Experimental Rheumatology
- Editorial Board - Current Medical Literature (Rheumatology)
- Editorial Board - Advances in Rheumatology (USA)
- Editorial Board - Postgraduate Medical Journal
- Editorial Board - Connective Tissue Disease (Italy)
- Editorial Board - Current Opinion in Rheumatology
- Editorial Board - International proceedings Journal
- Editorial Board - Scandinavian Journal of Rheumatology
- Editorial Board - Louvain Medical
- Editorial Board - Annales De Medecine Interne (Paris)
- Editorial Board - Japanese Journal of Rheumatology
- Editorial Board - APLAR Journal of Rheumatology
- Editorial Board - International Medical Magazine (Israel)
- Editorial Board - European Journal of Internal Medicine
- Editorial Board - “Scientia” (Medical Education Network)
- Editorial Board - Current Rheumatology Reports
- Editorial Board - Modern Rheumatology (Japan)
- Editorial Board - Reviews in Autoimmunity

## HONORARY APPOINTMENTS

Co-Founder and Life President, Lupus UK

Patron, Hughes Syndrome Foundation

Chairman and Trustee, St Thomas' Lupus Trust

Consultant Rheumatologist, Royal Air Force

Honorary Member, Scandinavian Rheumatology Society

Honorary Member, Australian Rheumatology Association

Honorary Member, Hellenic Rheumatology Society

Honorary Member, Hong Kong Rheumatology Society

Honorary Member, Turkish Rheumatology Society

Examiner, MRCP, Royal College of Physicians, London

Co-Chairman, International Anticardiolipin Antibody Standardisation Committee

Conference Chairman, Third International Conference On SLE, London April 1992

Member, Organising Committee, International Conference on SLE (held every 3<sup>rd</sup> year)

Member, Organising Committee, International Antiphospholipid Syndrome meeting (held every 3<sup>rd</sup> year)

Sodalem Honoris Causa, Czechoslovakia Society of Rheumatology

## SOCIETIES

Association of Physicians

American College of Rheumatology

Fellow, British Society of Rheumatology

## MAJOR LECTURES

Lecturer, Royal College Symposium on Advanced Medicine 1973, 1979, 1980, 1983, 1993, 1994 and 1996

Visiting Professor, Greek Rheumatology Association 1972

Lecturer - First Bertine Koperberg Foundation Workshop on SLE 1975

Hyland Visiting Lecturer, University of Mexico 1975

Visiting Professor, St George's Hospital (Sydney) 1976

Co-Chairman, First Lausanne International Meeting on Rheumatology (Reiters Syndrome) 1978

Sandoz Lecturer, Queen Square, 1978

Guest Lecturer, ARA Symposium on SLE, Boston, 1978

Lilly Visiting Professor, Universities of Cape Town, Durban, Johannesburg and Pretoria, 1979

Participant - Kroc Conference on Drug-Induced Lupus, Santa Ynez, California, 1981

Chairman, SLE Symposium, World Rheumatology Congress, Paris, 1981

Visiting Professor, Karolinska Institute, Stockholm, 1981

Heberden Round, Hammersmith Hospital, London, 1982

Guest Lecturer: Silver Jubilee Meeting, Singapore Medical Society, 1982

Guest Lecturer: South African Rheumatology Association, 1982

Prosser-White Oration (British Society of Dermatology), Guy's Hospital, 1983

Noble Wiley Jones Lecture: University of Oregon, 1984

Visiting Professor: Scandinavian Rheumatology Society, 1984

Distinguished Lecture Series: Cornell University, New York, 1985

Keynote lecture: ILAR Congress, Sydney, 1985

Lecturer: French Rheumatology Congress, 1986

## MAJOR LECTURES (contd)

Lecturer: NYU Advanced Medicine Course, 1986

Visiting Lecturer, Japanese Rheumatology Society, 1986

Laurentian Lecturer, (Montreal), 1986

Lowie Visiting Professor, University of Alabama, 1986

Inaugural Lecture, ASEAN Congress, Indonesia, 1987

Lecturer, European Rheumatology Meeting, Athens, 1987

Lecturer, NYU Advanced Medicine Course, 1988

Lecturer, VIIth International Rheumatology Meeting, Aix les Bains, France, 1988

Nana Svartz Lecture, European Society of Medicine, Brussels, 1988

Lecturer, SEAPAL Rheumatology Conference, Tokyo, 1988

Lecturer, MSD Advances in Rheumatology Series, Tucson, Arizona, 1988

Lecturer, Royal College of Physicians, Edinburgh, 1988

Guest Lecturer, New England Rheumatology Society, 1989

Plenary Lecturer, ILAR World Rheumatology Congress, Rio, 1989

Plenary Lecturer, 2nd International Conference on SLE, Singapore, 1989

Guest Lecturer, New York Rheumatology Society, 1989

Co-Chairman and Plenary Lecturer, International Conference on Antiphospholipid Antibodies, Italy, 1990

Nana Svartz Lecturer, European Society of Internal Medicine, Sweden, 1990

Plenary Lecturer, European Dialysis and Transplant Association, Vienna, 1990

Lecturer, 1st European Conference on SLE, Genoa, 1990

Plenary Lecturer, Conference on SLE, Amsterdam, 1990

Lecturer, New York University Advanced Rheumatology Course, 1991

## MAJOR LECTURES (contd)

Lecturer, Belgian Society for Internal Medicine, Brussels  
March 1990

Keynote Lecturer, American College of Rheumatology, Newport, USA, 1991

Lecturer, ILAR Congress, Budapest, 1991

Participant, N.I.H. Working Party on SLE, Washington, 1992

Guest Lecturer, First International Conference on Lupus in Pregnancy,  
Jerusalem, 1992

Keynote Lecturer, SEAPAL Meeting, Indonesia, 1992

Visiting Professor, Alfred Hospital, Melbourne, 1992

Plenary Lecture, ILAR International Rheumatology Conference, Barcelona, 1993

Guest Lecturer, Joint meeting of Singapore-Malaysia Society of Medicine and  
Royal College of Surgeons, Edinburgh, Kuala Lumpur, 1993

Guest Lecturer, Argentina Society of Medicine, Buenos Aires, 1993

Lecturer, Combined meeting of British and Italian Societies for Rheumatology,  
Brighton, 1994

Sterling Winthrop Visiting Professor and Guest Lecturer, American College of  
Rheumatology, 1994

Kockman visiting lecturer, University of Maryland, 1995

Guest lecturer, American College of Rheumatology, New York, 1995

Plenary speaker, 4th International Conference on SLE, Israel, 1995

Guest Lecturer, 1st Indonesian Conference on SLE, Jakarta, 1995

Guest Lecturer, Postgrad Medical Conference, Harvard, 1995

Plenary Speaker, SEAPAI International Conference, Manilla, 1996

Guest Lecturer, Therapeutics in Rheumatology, Paris, 1996

Plenary Speaker, III European Conference on SLE, Pisa, 1996

MAJOR LECTURES (contd).

Inaugural Speaker, VIIth Antiphospholipid Conference, New Orleans, 1996

Guest Lecturer, The Eleventh Autoimmunity Day in honour of Professor M Kazatchkine (Paris) and Dr Graham Hughes, Israel 1997

Lecturer, NYU Advanced Rheumatology Course 1997

Regional Lecture, Royal College of Physicians 1997

Lecturer, Royal College of Physicians of Glasgow 1997

Lecturer, ILAR Conference, Singapore 1997

Visiting Professor, Houston 1997

Guest Lecturer, Belgian Society for Rheumatology, Antwerp 1997

Guest Lecturer, Pan Arabic Society of Rheumatology, Riyadh 1997

Visiting Professor, American College of Rheumatology, Washington 1997

Gerald Levine Memorial Lecture (RMS) 1998

Plenary Lecture, 5<sup>th</sup> International Congress on SLE (Mexico) 1998

Plenary Lecture, EULAR Meeting (Geneva) 1998

Guest Lecturer, Italian Society of Nephrology 1998

Introductory Lecture, 8<sup>th</sup> International Conference on APS (Sapporo) 1998

Plenary Lecture, EULAR Conference (Glasgow) 1999

Guest Lecturer, Spanish Society for Rheumatology 1999

Einbender Memorial Lecturer, University of Missouri, USA 1999

Lecturer, Conference on the Endothelium, Seattle 2000

Lecturer, 9<sup>th</sup> International Conference on APS (Tours) 2000

Guest Lecturer, Scandinavian Society for Rheumatology 2000

Guest Lecturer, Jornada Conjunta De Actualization Medico Reumatologica (Cordoba) 2000

Opening Lecture, 6<sup>th</sup> International Conference on SLE, Barcelona 2001

MAJOR LECTURES (Contd).

Lecturer, Swiss Rheumatology Society Meeting 2002

Plenary Lecture, European Lupus Conference, Athens 2002

Lecturer, EULAR Conference, Stockholm 2002

Opening lecture, 10<sup>th</sup> International Conference on APS, Sicily 2002

Pemberton Lecture, Philadelphia Medical Society 2002

## MAIN PUBLICATIONS

1. A Survey of the Familial Incidence of Adenocarcinoma of Kidney.  
Brit J Urol, Vol 39, No. 1, P 63, 1967
2. Jarish-Herxheimer reaction and syphilitic aortitis.  
Brit Med J, 1, 360, 1968
3. Bony ankylosis in gout.  
Ann Rheum Dis, 27, No. 2, P 67, 1968
4. Treatment of epicondylitis with hypospray.  
Ann Rheum Dis, 1969
5. Use of hypospray in minor orthopaedic conditions.  
Proc Roy Soc Med, 1970
6. Acute synovial rupture of the knee - a differential diagnosis from deep vein thrombosis. Proc. Roy Soc Med, 63, P 21, 1970
7. Pulmonary mycobacterium fortuitum infection in association with achalasia of the oesophagus. Brit. J Dis Chest, 64, 112, 1970
8. Systemic Lupus Erythematosus. ) Chapters in "Essentials of  
) Clinical Rheumatology"  
) Mason & Currey, September  
9. Laboratory investigations in the ) 1970, Pitman Press  
the rheumatic diseases. )
10. DNA binding activity in systemic lupus erythematosus. A diagnostic and therapeutic guide. Ann Rhem Dis, 30, 259, 1971  
*(\*First systematic study of DNA binding in clinical rheumatology)*
11. Character of anti-DNA antibodies in systemic lupus erythematosus.  
Clin Exp Immunol, 8, 551, 1971
12. Antibodies to DNA in childhood systemic lupus erythematosus.  
J Paediat, 78, No. 6, P 981, 1971
13. The release of DNA into body fluids.  
Arthritis and Rheumatism, May 1971  
*(\*The demonstration by immunological techniques that native DNA is released into the circulation during injury, e.g., following bypass surgery, high dose steroids, etc.)*

## MAIN PUBLICATIONS

14. Renal transplantation in systemic lupus. Proceedings of the 4th Annual Meeting of the American Society of Nephrology.
15. Systemic Lupus Erythematosus - the significance of anti-DNA antibodies. Lancet, October 1971
16. Sjogren's Syndrome and autoimmunity in a geriatric population. Age and Ageing, 1, 197, 1972
17. Diagnosis of sarcoidosis by labial gland biopsy. Brit Med J, 3, 215, 1972  
*(\*The first demonstration of this method for diagnosis)*
18. Anti-DNA antibodies in the diagnosis and management of SLE. Clin Sci, 1971
19. Sjogren's Syndrome. Brit Med J, 4, 533, 1971
20. Studies of a popliteal synovial fistula. Ann Rheum Dis, 31, No. 6, 482, 1972
21. Neuropsychiatric problems in systemic lupus erythematosus. Brit Med J, 4, 342, 1972
22. Criteria for classification of SLE. Brit Med J, 3, 88, 1973
23. Sjogren's Syndrome. II. Clinical associations and immunological phenomena. Quart J Med, No. 167, P 513, 1973
24. The diagnosis of systemic lupus erythematosus. Brit J Haematol, 25, 409, 1973
25. Lymphosarcomatous arthropathy. Ann Rheum Dis, 32, No. 2, 1981, 1973
26. Immunological studies on the mechanism of gold hypersensitivity reactions. Brit J Med, 29th September 1973, P 767
27. Immunological factors in SLE. 9th Symposium of Advanced Medicine (Pitman) 1973
28. Significance of eosinophilia during gold therapy. Arthritis and Rheumatism, 17, No. 6, 964, 1974

## MAIN PUBLICATIONS

29. Antibodies to native DNA in discoid lupus erythematosus.  
Brit J Dermatol, 91, 175, 1974
30. Detection des anticorps anti-acide de-oxyribonucleique du serum par la methode radioimmunologie de Farr.  
La Nouvelle Presse Medicale, 16 Mars, 3, No. 11, P. 649, 1974
31. Systemic lupus erythematosus.  
Brit J Hosp Med, 309, September 1974
32. Aetiology of Jamaican Neuropathy.  
Lancet Vol 1, P 240, 1975  
  
*(\*The first of a number of Jamaican studies. "Jamaican neuropathy", a meningo-myelitis is one of the commonest neurological diseases in that region. False positive serology for syphilis and other autoimmune phenomena suggest immunological mechanisms similar to those seen in lupus myelitis)*
33. Frequency of anti-DNA antibodies in SLE, RA and other diseases; experience with the ammonium sulphate precipitation technique.  
Scand J Rheumatol, 11, 1975
34. Anti-nucleic acid antibodies in SLE - clinical and pathological significance.  
Clinics in Rheumatic Diseases, 1, 545, 1975
35. Mixed connective tissue disease with digital gangrene.  
Brit Med J, 1, 249, 1975
36. Systemic lupus erythematosus. Chapter in "Clinical Aspects of Immunology".  
Eds. Gell, Coombs and Lachmann, 1975
37. Antibodies against double stranded RNA and synthetic polynucleotides.  
Ann Rheum Dis, 34, 1975
38. CNS Lupus. Brit Med J, 1975
39. SLE, scleroderma and dermatomyositis.  
Medicine (UK), 1975
40. Antibodies against polynucleotides.  
Nature, November 1975
41. Deficiency of Factor B of the complement system in sickle cell anaemia.  
Brit J Med, 1, 367, 1976

## MAIN PUBLICATIONS

42. Plasma concentration of phenylbutazone and its therapeutic effect - studies in patients with rheumatoid arthritis.  
Brit J Clin Pharm, 3, 1985, 1976
43. Systemic lupus erythematosus and sickle cell anaemia.  
Brit Med J. 3 April 1976
44. Complement. A review. West Indian Med J, 1976
45. Immunosuppressive therapy. Textbook chapter, Topics in Rheumatology, (Heinemann Press), July 1976
46. Significance of persisting serologic abnormalities in SLE.  
Arthritis and Rheumatism, 19, 837, 1976
47. Proceedings: systemic lupus erythematosus and rheumatoid arthritis.  
J Clin Pathol, 29 (1), 84, 1976
48. Chronic sarcoid arthritis.  
Brit Med J, 1044, 1976
49. Detection with characterisation of DNA-anti-DNA complexes in a patient with SLE. Clin Exp Imm, 29, 733, 1977
50. Antiribonucleoprotein antibodies in connective tissue disease: estimation by counter immunoelectrophoresis.  
Brit Med J, 1,610, 1977
51. A prospective analysis of anti-RNP antibodies in systemic lupus erythematosus.  
Ann Rheum Dis, 36, 557, 1977
52. Lymphocytotoxic antibodies in Still's Disease.  
Lancet 1, 8015, 803, 1977
53. Diaphragm function and lung involvement in systemic lupus erythematosus.  
Am J Med, 53, 926, 1977  
  
*(\*A collaborative study on respiratory abnormalities in SLE. Primary abnormalities of diaphragm function were detected in SLE patients with "shrinking lung" syndrome)*
54. Pregnancy in systemic lupus erythematosus.  
Ann Rheum Dis, 36, 823, 1977

## MAIN PUBLICATIONS

55. Outcome of pregnancy in systemic lupus erythematosus.  
Proc Roy Soc Med. 70, No. 2, 99, 1977
56. Eosinophilic fasciitis.  
Brit Med J, 1, 948, 1977
57. Coxsackie B neutralisation titres in polymyositis/dermatomyositis.  
Lancet 1, 1268, 1977  
  
*(\*The first study to show high titres of Coxsackie B virus antibodies in patients with polymyositis)*
58. Immunological mechanism for spontaneous abortion in systemic lupus erythematosus. Lancet 11, 1205, 1977  
  
*(\*Studies showing that in SLE pregnancies ending in abortion, circulating lymphocytotoxic antibodies react with purified trophoblast antigen)*
59. Brain reactivity of lymphocytotoxic antibodies in systemic lupus erythematosus with and without cerebral involvement.  
Clin Exp Immunol, 30, 333, 1977  
  
*(\*The first of a number of papers on the pathogenesis of CNS lupus, demonstrating that lymphocytotoxic antibodies cross-react with the brain in those SLE patients with cerebral involvement)*
60. Lymphocytotoxic antibodies in systemic lupus erythematosus: an association with cerebral manifestations.  
Ann Rheum Dis, 36, 481, 1977
61. Laboratory investigations in the early diagnosis of the rheumatic diseases.  
The Practitioner, 220, 37, 1977
62. Systemic lupus erythematosus.  
Nursing Times, 5 May 1977
63. Anti-DNA antibodies in discoid lupus erythematosus.  
Ann Rheum Dis, 36, 476, 1977
64. Systemic lupus erythematosus. A prospective analysis.  
Ann Rheum Dis, 37, 823, 1978
65. Lymphocytotoxic antibodies in systemic lupus erythematosus. Evidence for reactivity with i antigen.  
Clin Exp Immunol, 31, 443, 1978

## MAIN PUBLICATIONS

66. Oxygen-15 brain scanning for detection of cerebral involvement in systemic lupus erythematosus.  
Lancet 1, 898, 1978  
  
*(\*Use of a new short-lived isotope method for scanning of blood flow and cerebral oxygen metabolism in cerebral vasculitis)*
67. Systemic lupus erythematosus. Copeman's textbook of the Rheumatic Diseases. Ed. J T Scott, P 901-922. Churchill Livingstone, 1978
68. Oral contraceptive therapy and systemic lupus erythematosus.  
J Rheumatol, 5, No. 4, 448, 1978
69. Arthritis and the connective tissue diseases.  
Scot Med J, 1, 79, 1978
70. Lupus erythematosus disseminatus: eine analyse des organbefalls.  
Schweiz Meed Wschr. 198, 1797, 1978
71. Salicylate hepatotoxicity in systemic lupus erythematosus. A common occurrence?  
Brit Med J, 2, 1532, 1978
72. Diflunisal versus aspirin in the treatment of connective tissue diseases.  
In: Proceedings on Symposium on Diflunisal. MCS Publications 1978
73. Diflunisal in the treatment of osteoarthritis: a double-blind study comparing diflunisal with Ibuprofen.  
Current Medical Research and Opinion, 5, No. 7, 556, 1978
74. Research in systemic lupus erythematosus (Leader).  
Lancet 11, 665, 1978
75. Brain reactivity of antibodies to lymphocytes and erythrocytes in SLE. Symposium on the Immunopathology of the Central and Peripheral Nervous System. Ed. PA Miescher, The Menarini Series on Immunopathology, 2, Schabe and Co Ltd., Basel/Stuttgart 1979
76. A prospective analysis of cold-reactive lymphocytotoxic antibodies in systemic lupus erythematosus.  
J Clin Path, 32, suppl, 112, 1979
77. Antineuronal antibody associated with neuropsychiatric abnormalities in systemic lupus erythematosus.  
Arthritis and Rheumatism, 22, No. 4, 313-320, 1979

## MAIN PUBLICATIONS

78. The neuropsychiatric disorder in systemic lupus erythematosus: evidence for both vascular and immune mechanisms.  
Ann Rheum Dis, 38, 301-306, 1979
79. Immunoglobulin classes in skin basement membrane in systemic lupus erythematosus - clinical significance and comparison with classes of serum anti-DNA antibodies.  
Ann Rheum Dis, 38, 351-355, 1979
80. Reticulum cell sarcoma in azathioprine-treated systemic lupus erythematosus.  
Ann Rheum Dis, 38, 94, 1979
81. Chronic active hepatitis in a patient presenting with clinical and serological evidence of systemic lupus erythematosus.  
J Rheumatol, 6, 38, 1979
82. Systemic lupus erythematosus.  
Acta Rheum Belg. 2, 105, 1979
83. Osteoarthritis.  
Age and Ageing (Suppl), 1, 1979
84. The connective tissue diseases.  
Medicine, 13, 639, 1979
85. Reiter's Syndrome - summary and highlights of the Lausanne International Symposium.  
Ann Rheum Dis, 38, suppl 1, 1979  
  
*(\*Co-editor of the first major journal supplement on Reiter's Syndrome)*
86. Polyarteritis nodosa - a clinical and angiographic study of 17 cases.  
Seminars in Arth Rheum, 8, 184, 1979  
  
*(\*A collaborative study showing an improved prognosis and emphasising the diagnostic value of arteriography)*
87. Renal angiography in Polyarteritis nodosa.  
Euro J Rheum, 3, No. 2, 120, 1979
88. Lupus variants and the kidney.  
Euro J Rheum, 3, No. 2, 112, 1979

## MAIN PUBLICATIONS

89. Rheumatic Diseases in Jamaica. A three year study.  
Ann Rheum Dis, 38, 320, 1979  
  
*(\*A report of spectrum of rheumatic diseases in Jamaica. SLE, RA and infective (gonococcal) arthritis are common. AS and gout are rare)*
90. The treatment of SLE - the argument for conservative approach.  
In: Clinics in the Rheumatic Diseases, Eds. E Huskisson, W B Saunders, August 1979
91. Sacro-iliac scanning in the diagnosis of low back pain.  
Rheum Rehab, 18, 129, 1979
92. Polyarteritis nodosa and hairy cell leukaemia.  
Lancet 1, 678, 1979  
  
*(\*A new syndrome. Of potential significance as an example of a chronic disease with impaired RES function and the development of vasculitis)*
93. Rheumatoid arthritis.  
British Journal of Hospital Medicine, 21, 584, 1979
94. Antinuclear and lymphocytotoxic antibodies - how helpful in the diagnosis and management of subsets of SLE.  
In: XIIIth Symposium of Advanced Medicine. Pitman Medical, 1979
95. Combined temporal arteriography and biopsy in suspected giant cell arteritis.  
Ann Rheum Dis, 39, 124, 1980
96. Value of C-reactive protein measurement in the investigation of fever in SLE.  
Ann Rheum Dis, 39, 50, 1980  
  
*(\*A collaborative study with Dr M Pepys, confirming the claim that CRP levels in SLE are low except in the presence of infection)*
97. Rheumatology and disorders of connective tissue.  
In: Immunology, Ed. James Irvine. Teviot Scientific Publications, Edinburgh, 1979
98. Diagnosis and management of systemic lupus erythematosus, scleroderma and dermatomyositis.  
Mims Magazine, 15th July, 9-11, 1979

## MAIN PUBLICATIONS

99. Lymphocyte antigens in systemic lupus erythematosus detected by heterologous rabbit antisera.  
Trans Assoc Americ Phys. 1981
100. Evidence for a therapeutic effect of plasmapheresis in patients with systemic lupus erythematosus.  
Quart J Med, 48, 555, 1979  
  
*(\*The first published report of plasmapheresis in SLE: mixed results)*
101. Advances in investigational techniques.  
Euro J Rheum & Inflamm, 2, No. 3, 281, 1979
102. Overlap syndromes and MCTD. Viruses in connective tissue diseases. Prognostic signs in SLE.  
Chapters in: Connective Tissue Disease. Diagnosis and Treatment.  
Editor. A Cats (University of Leiden) 1979
103. Hairy cell leukaemia with polyarteritis nodosa - a new association.  
Lancet 11, 280, 1979
104. Arthritis and the connective tissue diseases.  
Medical Digest, 54, May 1979
105. Pi phenotypes of alpha-1-antitrypsin in Southern England: identification of M subtypes and implications for genetic studies.  
Clinical Genetics, 15, 1-5, 1979
106. Alpha-1-antitrypsin in adult rheumatoid arthritis.  
Lancet 1, 1236, 1979
107. Rheumatic disease - new directions.  
Research and Clinical Forums, 1, No. 5, 19-22, 1979
108. CRP levels in systemic lupus erythematosus - a classification criterion?  
Arthritis and Rheum, 23, 6, 1980  
  
*(\*Demonstrating a striking discordance of CRP levels in active SLE and active RA)*
109. Conference report - plasma exchange.

In: Clinical Rheumatology Illustrated. Ed. F D Hart. Williams and Wilkins Ltd. 1987
318. Epilepsy: an early symptom of systemic lupus erythematosus.  
J Neurol, Neurosurg and Psychiatry, 48, 185-192, 1985
319. Intractable polymyositis: prolonged remission induced by total body irradiation.  
J Roy Soc Med 78, 496-497, 1985
320. The laboratory investigations of rheumatic and connective tissue disorders.  
In: Clinics in Immunol and Allergy, 5, No. 3, 513-530, Ed. R A Thompson 1985
321. Total body irradiation and the course of polymyositis.  
Arth & Rheum, 28, 831-835, 1985
322. Systemic lupus erythematosus.  
Rheumatology in Practice, 3, (No. 21), 1985
323. Arterial occlusion causing large bowel infarction. A reflection on the clotting diathesis in SLE.  
Clin Rheumatol, 5 (1), 102-106, 1986
324. Urticarial vasculitis and angio oedema associated with lupus-like illness and C4 null allele.  
Clin Exp Rheum, 5, 161-164, 1987
325. Myocardial infarction in a young male with LE, deep vein thrombosis and antiphospholipid antibodies.  
Brit Heart J, 56, 190-193, 1986
326. Systemic lupus, antiphospholipid antibodies, chorea and oral contraceptives.  
Arth & Rheum, 29, 1535-1536, 1986
327. Pulmonary hypertension in hydralazine-induced lupus; association with C4 null allele.  
Ann Rheum Dis, 45, 771-773, 1986
328. Chorea in SLE and "lupus-like" diseases associated with antiphospholipid antibodies.  
Arth & Rheum, 28, S95, 1986

## MAIN PUBLICATIONS

329. Large vessel occlusion and gangrene in SLE and "lupus-like" diseases. A report of 6 cases.  
J Rheum, 13, 740-747, 1986
330. The SL autoantibody system: clinical and biochemical studies.  
Ann Rheum Dis, 45, 353-358, 1986
331. High incidence of anticardiolipin antibodies in relatives of patients with SLE.  
J Rheum, 14, 723-726, 1987
332. Effect of negatively charged phospholipids on the lupus anticoagulant.  
In: First World Symposium on Antiphospholipid Antibodies.  
European J Rheumatol, 1987
333. Salazopyrin and regression of rheumatoid nodules.  
Ann Rheum Dis, 46, 244-246, 1987
334. Anticardiolipin antibodies. Isotype distribution and phospholipid specificity.  
Ann Rheum Dis, 46, 1-6, 1987
335. Cerebral infarction and subclavian artery thrombosis in a patient with a lupus-like syndrome and anticardiolipin antibodies.  
Postgrad Med J, 1988
336. Clinical and immunological significance of antiphospholipid antibodies.  
J Rheumatol (Suppl 13), Vol 14, 208-213, 1987
337. Antiphospholipid antibodies.  
Chapter in Advances in Immunology (Ed. E M Tan), 1986
338. Cerebral disease in systemic lupus erythematosus.  
Springer Seminars in Immunopathology, 8, 251-266, 1985
339. Predictive value of anticardiolipin antibody for thrombosis, fetal loss and thrombocytopenia.  
Clin Sci, 70, (Suppl 3), 56, 1986
340. Antiphospholipid antibodies in the pathogenesis of SLE.  
In: Pathogenesis of SLE. Eds. L Schreiber, J Edmonds. 1987
341. Sweat gland function in Sjogren's syndrome.  
Ann Rheum Dis, 5, 350-353, 1986

## MAIN PUBLICATIONS

342. Systemic Lupus Erythematosus.  
In: Mason and Currey's Essentials of Clinical Rheumatology,  
4th Edition, Ed. H L F Currey, 1986
343. Why do women suffer more arthritis than men?  
In: Symposium - Sex and Arthritis. Ed. P Dieppe, pp 4-6, 1985
344. The treatment of SLE.  
Prescribers Journal, 359, 27 (4), 1-5, 1987
345. Myocrisin: How do we select and monitor patients?  
In: Myocrisin: 50 years experience. Eds. G Nuki, J M Gumpel. MCI  
Symposium No. 11, pp 59-61, 1986
346. Overlap Syndromes.  
Chapter in Scleroderma. Eds. C Black, M Jayson.  
Wiley. pp331-339, 1988
347. Discoid lupus and systemic lupus erythematosus.  
In Merck Manual, 15th Edition, 983-986 (Vol. 1), 1987
348. Systemic lupus erythematosus.  
Chapter in Copeman's textbook of rheumatology. 3rd Edition.  
Ed. J T Scott, 1987
349. Antibodies and lupus variants (Leader).  
European J Rheum, 1988
350. New reflections on cerebral lupus.  
In: Recent Advances in Neurology. (Blackwells).  
Eds. Aarli J and Behan P. 340-353, 1987
351. Laboratory investigations in rheumatology.  
In: Mason & Currey's "Essentials of Clinical Rheumatology".  
4th Edition. Ed. H L F Currey, 1986
352. The anticardiolipin syndrome (Leader).  
J Rheum, 13, 486-489, 1986
353. The Budd-Chiari Syndrome: possible pathogenetic role of  
antiphospholipid antibodies.  
J Hepatol, 3, 83-86, 1986
354. Rheumatic and collagen diseases. In: Clinical Neurology. Eds. M  
Swash,  
J M Oxbury. Churchill Livingstone, 1988

## MAIN PUBLICATIONS

355. Sex hormones in male patients with SLE: a comparison with other disease groups.  
European J Rheum & Inflamm, 1988
356. Complement fixation by anti-dsDNA antibodies in SLE: measurement by radioimmunoassay and relationship with disease activity.  
Ann Rheum Dis, 45, 314-318, 1986
357. Portal and pulmonary hypertension in a case of SLE: possible relationship with a clotting abnormality.  
European J Rheum, 7, 71 - 74 1986
358. Immunological studies in primary idiopathic pulmonary hypertension.  
Euro J Rheum, 7, 75-79, 1984
359. Acute polyradiculopathy complicating SLE.  
Postgrad Med J, 62, 291-294, 1986
360. Rheumatoid factors in Ro-positive and Ro-negative rheumatoid arthritis patients.  
Rheum International, 6, 61-62, 1986
361. Anticardiolipin antibodies and the lupus anticoagulant.  
Rheumatol, 4 (2), 187-190, 1986
362. Pulmonary hypertension in SLE: A report of 3 cases.  
J Rheumatol, 13 (2), 416-420, 1986
363. Circulating human leucocyte elastase in rheumatoid arthritis.  
Rheumatol International, 6, 57-60, 1986
364. Prostacyclin in systemic lupus and anticardiolipin syndrome.  
Ann Rheum Dis, 46, 422-423, 1987
365. Pregnancy and Lupus: prognostic indicators and response to therapy.  
Quart J Med, 66, (250), 126-136, 1988
366. Thrombosis, recurrent fetal loss and thrombocytopenia. Predictive value of the anticardiolipin test.  
Arch Intern Med, 46, 145, 2153-2156, 1987
367. Antiphospholipid antibodies. A Review.  
European J Rheum, 7, 5-8, 1984
368. Evaluation of the anticardiolipin antibody test: report of an international workshop held 4th April 1986. Clin Exp Immunol, 68, 215-222, 1987

## MAIN PUBLICATIONS

369. Diseases of joints and connective tissue disease.

Fetal & Maternal Medicine, 5, 223-230, 1993

## MAIN PUBLICATIONS

663. Rheumatology.  
Chapter in Long Cases in General Medicine.  
Ed. Pounder R, 1994
664. Clinical experience with sustained release etodolac.  
Rheumatology International, 13 (2), 1-3, 1993
665. Antiphospholipid Antibodies in Sickle Cell Disease.  
Amer J Hematol, 45 (2), 193-194, 1994
666. Value of immunological testing in stroke patients. A prospective  
multicentre study.  
Stroke, 25, 2412 - 2415, 1994
667. Clinical and therapeutic aspects of the antiphospholipid syndrome.  
Lupus 4 (Suppl. 1) 523 - 526, 1995
668. Antiphospholipid syndrome and the idiotypic network.  
Lupus 4, 204 - 208, 1995
669. Hydroxychloroquine and lupus pregnancy: A review of a series of 36  
cases.  
Ann Rheum Dis, 55, 486 - 488, 1996
670. Allergic disorders in systemic vasculitis: A case-controlled study.  
Brit J Rheumatol, 33 (8), 749 - 753, 1994
671. Immunosuppressive therapy in lupus nephritis.  
Clin & Exp Rheum. 15, 275 - 282, 1997
672. Lymphocyte activation markers and Von Willebrand factor antigen:  
possible markers for renal disease in Wegener's granulomatosis.  
Ann Rheum Dis. In Press, 1997
673. Anti-endothelial cell antibodies in inflammatory myopathies: association  
with interstitial lung disease.  
Scand J Rheum. In Press, 1997
674. Autoantibodies in SLE and urticarial vasculitis.  
J Rheumatol, 22, 1669 - 1673, 1995
675. Antibodies, thrombosis and the endothelium.  
Brit J Rheumatol, 33, 2 - 4, 1994

## MAIN PUBLICATIONS

676. Human monoclonal anticardiolipin antibodies react in vitro with endothelial cells through adherent  $\beta$ 2-glycoprotein 1 and induce endothelial activation.  
Arthritis & Rheum. 40, 551 - 561, 1997
677. Systemic Lupus Erythematosus : aspects of treatment.  
Rheum News. 1995
678. Release of calreticulin from activated neutrophils, may alter C1q-mediated immune functions.  
Biochem J. 332, 543 - 550, 1997
679. Anti-endothelial cell antibodies in chronic urticaria.  
Clin Exp Rheumatol, 104, 199 - 200, 1996
680. Influence of rifampicin on hydroxychloroquine.  
Clin Exp Rheumatol, 13/4, 536 - 537, 1995
681. Lupus: The first two years.  
Lupus 3 (No. 2), 71 - 72, 1994
682. Advances in medical treatment of connective tissue disease.  
Proceedings of Maltaderm 1994. Harwood Academic Publishers, 1996
683. Management of connective tissue disorders.  
Folia Rheumatologica (Documenta Geigy), May 1995
684. Methotrexate in rheumatic disease.  
J Royal Coll Physicians, 28 (3), 260, 1994
685. Neuropsychiatric lupus.  
Rheumatology in Practice, Vol 2, No. 1, 22 - 23, 1995
686. Antiphospholipid antibodies and antiphospholipid syndrome.  
Current Opinion in Rheumatol, 7, No. 5, 389 - 394, 1995
687. Treatment of the antiphospholipid syndrome.  
Chapter In: Oxford textbook of Rheumatology, 2nd Edition, 1997
688. Antiphospholipid antibodies: A Marker for thrombosis and recurrent abortion.  
Clin Rev Allergy, 12, 287 - 296, 1994
689. Antiphospholipid antibodies.  
Chapter In: 'Autoantibodies'. Eds: Shoenfeld Y & Peter J., 625 - 629 (Elsevier) 1996

## MAIN PUBLICATIONS

690. The anti-thrombotic management of antiphospholipid antibody syndrome with oral anticoagulants: A 10 year follow-up study of 147 patients. *New Eng J Med*, 332 (15), 993 - 997, 1995
691. Assay of Protein S in systemic lupus erythematosus. *Blood Coagulation & Fibrinolysis*, 6, 332 - 334, 1995
692. Pregnancy in granulomatous vasculitis. *Ann Rheum Dis*, 54, 604 - 606, 1995
693. Obstetric outcome in SLE. *Seminars in Arth & Rheum*, 25 (3), 184 - 192, 1995
694. A study of 60 antiphospholipid syndrome pregnancies. *Clin Exp Rheumatol*, 14, 131 - 136, 1996
695. "I've got pain all over"  
*Rheumatology in Practice*, 1 (2), 6 - 8, 1994
696. Lupus: recognition and diagnosis.  
*Rheumatology in Practice*, 1, No. 4, 16 - 19, 1994
697. Appearance of systemic lupus erythematosus after thymectomy.  
*Lupus* 4, No. 1, 33 - 38, 1995
698. Prevalence and clinical significance of subungual splinter haemorrhages in patients with the antiphospholipid syndrome.  
*Clin Exp Rheumatol*, 13, 327 - 331, 1995
699. Primary antiphospholipid syndrome evolving into SLE.  
*J Rheumatol*, 22 : 8, 1589 - 1592, 1995
700. Detection of brain-reactive autoantibodies in the sera of patients with SLE and cerebral involvement.  
*J Immunol Methods*, 185, 259 - 261, 1995
701. Pulse cyclophosphamide in the treatment of neuropsychiatric SLE.  
*Clin Exp Rheumatol*, 14, 295 - 299, 1996
702. Thrombosis and antiphospholipid syndrome: a preliminary assessment of three antithrombotic treatments.  
*Lupus* 3, 85 - 90, 1994
703. Development of SLE in malignant thymoma after chemotherapy and radiotherapy.  
*Brit J Rheumatol*, 34, 12, 1175-1176 1995

## MAIN PUBLICATIONS

704. Increased rate of lupus flare during pregnancy and the puerperium.  
Brit J Rheumatol. 35 (2), 133-138, 1996
705. Epitope specificity of monoclonal anti-beta-2 glycoprotein 1 antibodies derived from patients with the antiphospholipid syndrome.  
J Immunol, 155, 1629 - 1636, 1995
706. Antiphospholipid antibodies.  
Chapter in: The Clinical Management of SLE (2nd Edition)  
Ed. Schur PH, Lippincott Raven, 211 - 224, 1996
707. The use of Hydroxychloroquine in lupus pregnancy: the British experience.  
Lupus, 5, Suppl 1, 65 - 66, 1996
708. Clinical significance of anti- $\beta_2$  glycoprotein 1 antibodies.  
Ann Med Interne (Paris). 147, 15 - 17, 1996
709. Does pregnancy make lupus flare?  
Chapter In: Rheumatology Clinics of North America, 1997
710. Effect of  $\beta_2$  GPI and human monoclonal anticardiolipin antibody on the protein S/C4B binding protein system.  
Lupus. 6, 358 - 364, 1997
711. Anti-endothelial cells antibodies: only for scientists or for clinicians too?  
Clin Exp Immunol. 104, 199 - 202, 1996
712. Long term effects of low dose intravenous Cyclophosphamide in the treatment of connective tissue diseases.  
Ann Rheum Dis. 56, 481 - 487, 1997
713. Immunological findings in Kawasaki disease: an evaluation in a cohort of Italian children.  
Clin Exp Rheum. 15, 685 - 689, 1997
714. Autoimmune diseases associated with drugs, chemicals and environmental factors.  
Chaper In: Environmental health criteria on allergic hypersensitisation.  
Ed. Dayan A. In Press, 1998
715. The Antiphospholipid Syndrome.  
In: Proceedings of The VIIth International Conference on APS.  
Eds. Gharavi A and Wilson WA.  
Lupus. 5, 345 - 346, 1996

## MAIN PUBLICATIONS

Current Medicine Inc. Philadelphia (Blackwell Science) 3.1-3.7, 1999
773. Hughes' Syndrome. The syndrome behind the name.  
J of the Israel Medical Assoc. 1 : 100-103, 1999
774. Prolactin, the immune response and lupus.  
Rheumatology 38 : 296-297, 1999
775. Hughes' Syndrome : A short history of the antiphospholipid syndrome.  
Chapter In: The Decade of Autoimmunity.  
Ed. Shoenfeld Y (Elseiver, Amsterdam) 51-55, 1999
776. The antiphospholipid antibody (Hughes') syndrome.  
Medicine 26 (4) : 26-27, 1998
777. The antiphospholipid syndrome and multiple sclerosis.  
LUPUS 8 : 99-100, 1999
778. Fibrinogen in SLE: More than an acute phase reactant?  
J Rheumatol. 27 : 1190-1195, 2000

## MAIN PUBLICATIONS

779. Association of anti-phosphatidyl serine / prothrombin autoantibodies with HLA class II genes in antiphospholipid syndrome.  
Arthritis & Rheum. 43 : 638-688, 2000
780. HLA Class II gene polymorphisms in antiphospholipid syndrome: haplotype analysis in 83 caucasoid patients.  
Rheumatol. 40 : 31-36, 2001
781. Characteristics of patients with antiphospholipid syndrome with major bleeding after oral anticoagulation treatment.  
Ann. Rheum. Dis. 60 : 527-530, 2001
782. Migraine in Hughes Syndrome – Heparin as a therapeutic trial.  
Quart. J Med. 94 : 114-115, 2001
783. Can Hughes (antiphospholipid) syndrome be distinguished from multiple sclerosis? Analysis of 27 patients and review of the literature.  
Medicine (Baltimore) 79 : 57-68, 2000
784. Vasculitis in SLE.  
Chapter In: Inflammatory Disease of Blood Vessels.  
Editors: Hoffman G and Weyand C. 2001
785. Impaired estrogen priming of progesterone receptors in uterus and thymus of MRL/MP-lpr/lpr mice, a model of SLE.  
Int J Immunopharmacol. 22 : 537-545, 2000
786. Antiphospholipid antibodies in leptotic patients: a correlation with disease manifestations.  
Clin. Ex. Rheum. 18 (4) : 492-494, 2000
787. Atherosclerosis and autoimmunity.  
LUPUS Vol. 10 (4) : 249-252, 2001
788. Apolipoprotein(a) deposition in atherosclerotic coronary arteries of a patient with systemic lupus erythematosus.  
Arthritis Rheum. 43 : 2141-2142, 2000
789. Hughes (Antiphospholipid) Syndrome. Clinical features.  
In: Clinics in Rheumatic Disease (Ed. M A Khamashta) Saunders 2001
790. Plasma tumour necrosis factor alpha levels and the 238A promoter polymorphism in patients with antiphospholipid syndrome.  
Thrombosis and Haemostasis 85 : 198-203, 2001

## MAIN PUBLICATIONS

791. Migraine and stroke in young women.  
Quart J Med. 93 : 317-319, 2000
792. Strain differences in binding properties of estrogen receptors in immature and adult BALB/c and KRL/MP-lpr/lpr mice, a model of SLE.  
Internal J. Immunopharmacol. 22 : 247-254, 2000
793. Fine specificity of autoantibodies to calreticulin: epitope mapping and characterisation.  
Clin. Ex. Immunol. 201 : 384-391, 2000
794. Lack of association between antiphospholipid antibodies and WHO classification in lupus nephritis.  
Clin. Ex. Rheumatol. 19 : 75-77, 2001
795. Chromium 51 ethylene diamine tetra-acetic acid glomerular filtration rate calculated by the Cockcroft-Gault formula for renal involvement in SLE patients.  
Rheumatology 40 : 324-328, 2001
796. Absence of conduction defects in the electrocardiograms of mothers with children with congenital complete heart block.  
J. Rheumatol. 28 : 366-369, 2001
797. Increase in the heart rate-corrected QT interval in children of anti-Ro-positive mothers, with a further increase in those with siblings with congenital heart block.  
Arthritis & Rheum. 44 : 242-243, 2001
798. A normal ECG at birth does not exclude significant cardiac conduction disease associated with maternal anti-Ro antibodies.  
Rheumatology. 40 : (8), 939-940, 2001
799. Estrogen and estrogen receptors in murine models of SLE.  
Int. Immunopharmacol. 1 : 1025-1035, 2001
800. Lupus patients are protected from cancer.  
LUPUS 10 (12): 491-492, 2001
801. In sheeps' clothing.  
Capital Doctor 6 : 13-15, 2001
802. "Off the beaten track" : A clinician's view.  
Chapter in: Hughes Syndrome – Antiphospholipid Syndrome.  
Editor: M A Khamashta (Springer)
803. Diagnosis of lupus.  
Chapter in: Lupus. A G.P. Guide to Diagnosis.  
Editor: Norton Y (Lupus UK), 2000

## MAIN PUBLICATIONS

804. Connective tissue disorders.  
General Practitioner. Dec. 15, 44-45, 2000
805. The antiphospholipid syndrome: speculations on APS in the coming millennium.  
J. Autoimmunity. 15 : 269-271, 2000
806. Thromboprophylaxis in antiphospholipid syndrome pregnancies with previous cerebral arterial thrombotic events: Is warfarin preferable?  
Thrombosis & Haemostasis. 79 : 1060-1061, 1998
807. A chimeric antibody with the human gamma-1 constant region as a putative standard for assays to detect IgG beta-2 glycoprotein dependant anticardiolipin and anti-beta-2 glycoprotein 1 antibodies.  
Arthritis. Rheum. 42 : 2462-2470, 1999
808. Non-steroidal anti-inflammatory drugs as a possible cause for reversible infertility.  
Rheumatology 39 : 880-882, 2000
809. Minocycline-induced arthritis.  
Clin. Exp. Rheumatol. 16 : 587-590, 1998
810. Understanding the antiphospholipid (Hughes) syndrome.  
CPD Bulletin : Immunology & Allergy Vol.1 : 86-89, 2001
811. An evaluation of an angetensin-converting enzyme gene polymorphism and the risk of arterial thrombosis in patients with the antiphospholipid syndrome.  
Arthritis & Rheumatism 43 : 1655-1656, 2000
812. Intravenous immunoglobulin in the treatment of refractory adult Still's disease.  
J. Rheumatol. 26 : 2067-2068, 1999
813. Anti-PL4 antibody in systemic lupus erythematosus.  
Quart. J. Med. 91 : 319, 1998
814. Natural immuno response involving anti-endothelial antibodies in normal and lupus pregnancy.  
Arthritis Rheum. 43 : 1511-1515, 2000
815. Beta2-glycoprotein 1 as a co-factor for antiphospholipid reactivity with endothelial cells.  
LUPUS 7 : (Supplement 2), S44-S47, 1998
816. Polymorphic light eruption and the HLA DR B1 0301 extended haplotype are independent risk factors for cutaneous lupus erythematosus.  
LUPUS 10 : 473-479, 2001-10-03

## MAIN PUBLICATIONS

817. Systemic lupus erythematosus in migrants from West African compared with Afro-Caribbean people in the U.K.  
Lancet 357 : 1414-1415, 2001-10-03
818. Familial clustering of polymorphic light eruption in relatives of lupus patients: evidence of a shared pathogenesis.  
Brit. J. Derm. 144 : 334-338, 2001
819. Treatment of systemic lupus erythematosus.  
Int. Immunopharmacol. 1 : 1065-1075, 2001
820. Evidence for sexual dimorphism of estrogen receptors in hypothalamus and thymus of neonatal and immature Wistar rats.  
Int. J. Immunopharmacol. 21 : 869-877, 1999
821. Second International Conference on Sex Hormones and Pregnancy in Rheumatic Diseases.  
Scand. J. Rheum. (Supplement) 107, 1998
822. Risk of thrombosis in patients with antiphospholipid antibodies and factors V Leiden mutation.  
J. Rheumatol. 26 : 588-591, 1999
823. Effect of monoclonal anticardiolipin antibodies from human origin in platelet function under flow conditions and tissue factor expression on monocytes.  
Arthritis Rheum. 41 : 1420-1427, 1998
824. Urticaria as a presentation of adult Still's disease.  
Brit. J. Dermatol. 138 : 904-927, 1998
825. Arterial disease in lupus and antiphospholipid syndrome: association with anti-Beta2 glycoprotein 1 but not with antibodies against oxidised low density lipoprotein.  
Brit. J. Rheumatol. 37 : 883-888, 1998
826. Antibodies to Beta2 glycoprotein 1 : a potential marker for clinical features of antiphospholipid syndrome in SLE.  
J. Rheumatol. 25 : 2131-2134, 1998
827. Does SLE flare during pregnancy?  
Scand. J. Rheumatol. (Suppl. 7), 76-79, 1998
828. Lack of cross-reactivity between antibodies to Beta 2 GP1 and oxidised low density lipoprotein in patients with antiphospholipid syndrome.  
Brit. J. Rheum. 37 : 746-749, 1998
829. International consensus statement on preliminary classification criteria for definite antiphospholipid syndrome : report of an international workshop.  
Arthritis. Rheum. 42 : 1309-1311, 1999

## MAIN PUBLICATIONS

830. Antibodies against malondialdehyde-modified lipoprotein(a) in the antiphospholipid syndrome.  
Arthritis Rheum. 42 : 2606-2611, 1999
831. The role of antiphospholipid syndrome in critical illness.  
Chapter In: Hughes Syndrome : the antiphospholipid syndrome.  
Editor. Khamashta MA (Springer) pp 414-425, 2000
832. Lipoprotein(a) oxidation and autoantibodies: a new path in atherothrombosis.  
LUPUS Vol. 9 : 206-209, 2000
833. Anti-aggregant and anticoagulant therapy in SLE and Hughes syndrome.  
LUPUS Vol. 10 : 241-245, 2001
834. Therapy of systemic lupus erythematosus : new agents and new evidence.  
Exp. Opin. Invest. Drugs 9 : 1581-1593, 2000
835. Systemic lupus erythematosus and antiphospholipid syndrome during pregnancy : maternal and fetal complications and their management.  
Isr. Med. Ass. J. 2 : 462-469, 2000
836. Systemic lupus erythematosus (review)  
Lancet 357 : 1027-1032, 2001
837. The Sixth International Lupus Conference.  
LUPUS 10 : 580-587, 2001
838. Systemic endothelial markers in primary antiphospholipid syndrome.  
Thromb.Haemost. 84 : 742-746, 2000
839. The value of IgA antiphospholipid testing for the diagnosis of antiphospholipid (Hughes) syndrome in SLE.  
J. Rheum. 28 : 2637-2643, 2001
840. Antiphospholipid antibodies.  
Chapter In: Textbook of Rheumatology. Editor: Chan J (Hong Kong Press) 2002
841. European Working Party on SLE : A 10 year analysis.  
Lupus Vol. 10 : 892 – 894, 2001
842. Antiphospholipid syndrome : Clinical and immunologic manifestations and patterns of disease expression in a cohort of 1,000 patients.  
Arthritis Rheum. 46 : 1019- 1027, 2002
843. Pulmonary manifestations of Systemic Lupus Erythematosus.  
Chapter In: Dubois' Lupus Erythematosus. 6<sup>th</sup> Edition: 663 – 683.  
Eds. Wallace DJ, Hahn BH. 2001

## MAIN PUBLICATIONS (Contd.)

844. Effects of estradiol and the estrogen antagonist I.C.I. 182,780 on the delayed type hypersensitivity index and on serum levels of IgM and IgG in ovariectomised BALB/c and MRL/MP – lpr/lpr mice, a model of SLE. *Autoimmunity*. 33 : 237 – 243, 2001
845. Lupus patients are protected from cancer. *Lupus* 10 : 833 –834, 2001
846. Headache and memory loss : rapid response to Heparin in the antiphospholipid syndrome. *Lupus* 10 : 778 – 779, 2001
847. The History of Hughes Syndrome. *Elias Journal (Pharmacia)* 2 : 3 - 5, 2002
848. Cerebral embolism complicating Libman-Sacks endocarditis – full recovery using recombinant tissue plasminogen activator. *J. Rheumatol.* 29 : 2022 – 2023, 2002
849. Presentation and prognosis of the shrinking lung syndrome in systemic lupus erythematosus. *Seminars in Arth & Rheum.* 31 : 287 – 298, 2002
850. Mycophenolate mofetil for SLE refractory to other immunosuppressive agents. *Rheumatology* 41 : 876 – 882, 2002
851. Hypertension as the presenting feature in antiphospholipid syndrome. *Lupus* 11 : f253 – 256, 2002
852. Human Ro 60 genomic organisation and sequence alterations examined in cutaneous lupus erythematosus. *Brit.J.Derm.* 146 : 210 – 215, 2002
853. Antimalarial drugs. Chapter In: *Systemic Drugs in Dermatology*. Editor: Wakelin SH (Manson, London) 2001
854. A candidate gene analysis of 3 related photosensitivity disorders : cutaneous LE, polymorphic light eruption and actinic prurigo. *Brit.J.Derm.* 145 : 229 – 236, 2001
855. Syndrome X and Hughes Syndrome. *Lupus* 11 : 332, 2002
856. Heparin and osteoporosis during pregnancy in autoimmune diseases. *Lupus* 10 : 597 – 600, 2001

#### MAIN PUBLICATIONS (Contd.)

857. Effects of systemic lupus and antiphospholipid syndrome on pregnancy. Chapter In: The Year Book of Obstetrics and Gynaecology. Vol. 10 : 105 – 119. Eds. Sturdee D, Olah K, Purdie D, Kean D) 2002
858. Hughes Syndrome crosses boundaries. J. Autoimmun. Autoimmunity Reviews 1 : 43 – 48, 2002
859. Systemic Lupus Erythematosus and the antiphospholipid syndrome. In: Mechanisms in Rheumatology. Eds. Tannenbaum H, Russell AS. (Merck.Frosst, Canada) 49 – 56, 2001
860. Sulphamethoxazole-trimethoprim in the treatment of limited paranasal Wegener's granulomatosis. Rheumatology 41 : 589 – 590, 2002
861. The association of pure red cell aplasia with the antiphospholipid syndrome. Lupus 10 (12), 899 – 900, 2001
862. Critical illness in SLE and the antiphospholipid syndrome. Ann.Rheum.Dis. 61 : 414 – 421, 2002
863. Gene polymorphism of tissue plasminogen activator and plasminogen activator inhibitor-1 in patients with antiphospholipid syndrome. J.Rheumatol. 29 : 1192 – 1197, 2002

## BOOKS PUBLISHED

1. Connective Tissue Diseases. Blackwells Scientific. London.  
1st Edition 1977: 2nd Edition 1979: 3rd Edition 1987: 4th Edition 1994
2. Modern Topics in Rheumatology. (Editor). Heinemann Medical.  
London 1977
3. Lupus. A guide for patients (PSS Essex, UK) 1985. (Also translated  
into Swedish, Norwegian, Chinese, Italian, Greek, Spanish, French,  
Russian & Portuguese)
4. Clinics in Rheumatic Diseases. Systemic Lupus Erythematosus.  
(Editor) Saunders, April 1982
5. Lecture Notes in Rheumatology. (Edmonds J and Hughes GRV). Co-  
authors. Blackwell Scientific, London 1986
6. Problems in the Rheumatic Diseases: Lessons from Patients.  
(Asherson, Morgan and Hughes). Kluwer Academic Publishers, 1988
7. Phospholipid-Binding Antibodies.  
(Eds. Harris E N, Exner T, Hughes G R V, Asherson R A). CRC Press,  
USA, 1991
8. Autoimmune connective tissue diseases. (Eds. Khamashta M A, Font J,  
Hughes G R V). Doyma S.A. 1993
9. Antibodies to Endothelial Cells & Vascular Damage. (Eds Cervera R,  
Khamashta M, Hughes GRV). CRC Press, Boca Raton & London, 1993
10. Understanding Lupus (Hughes GRV). JSC Publishers (Surrey) 1997
11. Hughes' Syndrome. A patient's guide to the antiphospholipid syndrome.  
Adrian Press Ltd, Ilford, Essex (Lupus UK) 1997
12. Lupus: The Facts (Hughes GRV). Oxford University Press 2000
13. Lupus: Your First 100 Questions (Hughes GRV). Lupus UK 2001
14. Hughes Syndrome – A patient's guide (Hughes GRV). Springer 2001

## TEACHING

Weekly postgraduate and undergraduate teaching commitments.

In addition, the following:

1. Over three hundred visiting fellows have trained in my unit, including 57 who are now Professors of Rheumatology.
  2. Organiser of the annual postgraduate course 'Ten Topics in Rheumatology'. Now also held in Barcelona and in Rome, addition to St Thomas" Hospital
  3. Introduction, with Dr Julia Schofield, of a patients' education CD ROM, "So you have rheumatism". This question-and-answer CD ROM format won the Multi-Media Demonstrator Programme 1996 award.
-

## **ORIGINAL RESEARCH CONTRIBUTIONS (with references)**

1. Introduction of anti-DNA testing to clinical practice (with Dr Charles Christian, Dr Ted Pincus and others). (Refs: 10, 11, 12)
2. Proposing a more conservative approach to the management of SLE (Ref. 90).
3. First report of plasma pheresis in lupus (with Dr John Verrier-Jones and others) (Ref. 100)
4. Vasculitis and hairy cell leukaemia. A new syndrome (Refs. 92.103)
5. First major clinical study of impaired CRP response in SLE (with Dr Mark Pepys) (Ref. 108)
6. First report of functional hyposplenism in SLE. (Ref. 137)
7. First report of genetic (HLA) influence in drug-induced lupus. (Ref. 140)
8. First report of streptococcal reactive arthritis. (Ref. 175)
9. First report of C4 null allele in SLE (with Prof R Batchelor). (Ref. 188)
10. Description of the antiphospholipid (Hughes) syndrome. (Refs. 205, 206, 207, 222, 239, 291 and others)
